

#Better Buy

A broad
product
portfolio

Three major sourcing categories

Production sector

LED packaging
materials and
substrates

Electronic
components

Optical
components

Measurement
and testing
equipment

Technology sector

Power supplies,
drivers and
electronics

New display
technologies

LED Light
engines and
modules

AI
lighting

UV/IR

Bio-optics

Photovoltaics

Human-centric
lighting

Application sector

Residential
lighting

Commercial
lighting

Architectural
& landscape
lighting

Electric
light sources

Street and
transport
lighting

Agricultural
lighting

Industrial
lighting

New media
arts

One-stop sourcing platform

Cross segment cooperation

LED packaging materials and substrates

- Substrates & packaging materials: epoxy, silicone, conductive silver paste
- LED packaging, devices & modules

- Diffusion, condensers, lenses and films
- Reflectors
- Spectrometers

- Connectors
- Ballasts, capacitors and relays

- Measurement instruments, spectral, illuminance, thermal & aging testers, power testers
- Testing & certification
- Design software
- Smart services

New display technologies

- Digital display terminals
- Autostereoscopic 3D displays
- Digital out-of-home (DOOH)
- Extended Reality (XR), virtual production

- Intelligent lighting hardware and components
- Chips
- Cloud technology, IoT technology and software
- Smart lighting application

- Bio-optics
- UV/IR

- Switching supplies
- LED drivers and driver ICs
- Converters, inverters and rectifiers

- Energy storage batteries
- Inverters
- Photovoltaic modules/panels
- Wind powered lights

- Human-centric lighting
- Full-spectrum technology
- Circadian lighting

Diversified applications

Application sector

Residential lighting

- Wall lights
- Vanity and bath lights
- Table and reading lamps
- Under cabinet lights
- Floor lamps
- Track lights and spotlights
- Chandeliers
- Crystal lights
- Flush mount and ceiling mount lights
- Night lights
- Downlights
- Linear lights
- Mainless lighting
- Pendent lamps

Commercial lighting / industrial lighting

- Fluorescent lights
- High-bay lights
- Recessed and suspended linear lights
- Recessed downlights
- Track lights
- Step lights
- Canopy lights
- Runway lights
- LED strip lights
- Linear lights
- Exit and emergency lights
- Floor lights
- Indoor ceiling and wall-mounted lights
- High and low bay lights
- Tunnel lights
- Explosion-proof and mining lights
- Vapour-proof lights
- Hazardous lights

Architectural & landscape lighting

- Wall lanterns
- Hanging lanterns
- Garden lights
- Post lights
- Spot lights and floor lights
- Solar lights
- Floodlights
- Parking lot lights
- Deck and step lights
- Pathway and trail lights
- LED strip lights

Street and transport lighting

- Street lights
- Smart street lighting solutions
- Tunnel lights
- Smart lampposts

Cultural-tourism & visual experiences

- Light art installations
- Augmented Reality (AR) and Virtually Reality (VR)
- Projection lamps
- Tourism landscape solution
- Digital art and project mapping
- Laser lights

lights

- Horticultural lighting
- Poultry house lighting
- Plant factories and greenhouses
- Intelligent agricultural lighting solution

Electric light source

- Fluorescent lamps
- CFLs
- Halogen lamps
- HID lamps
- LED bulbs

Tap into a new market
